Each student is required to complete 4 service projects per year. Each project should take at least one hour to complete. Possible projects include: Little Lambs, Faith Development teacher assistant, Refugee resettlement, Visiting a nursing home, Food Pantry, Adopt a Highway – spring and fall cleanup, Spring/fall grounds cleanup at Holy Cross, Clothing/book/toy drive assistance and Church office help. Eighth graders may count acolyting as service project, however Seventh graders may not. Several service projects will be available for students and parents to attend at Hephatha Lutheran Church. These will typically be held on Sunday mornings, and transportation will be provided. We are planning to offer three church visits throughout the year.

Describe what you did for your service project.

What was something that you liked about your project?

What was something that was discouraging about your project (if any)?

What was something that you learned by doing this project?

Would you do this again if you didn't have to do it for an assignment?
